Fitzpatrick CL, Weir HL, Monnet E. Effects of infiltration of the incision site with bupivacaine on postoperative pain and incisional healing in dogs undergoing ovariohysterectomy. *J Am Vet Med Assoc* 2010;237:395-401.

- 2009 Abstract and oral presentation at Cornell Residents' Research Day: Fitzpatrick C, Krotscheck U, Thompson M. Evaluation of tibial torsion and tibial tuberosity alignment in Yorkshire Terriers with and without medial patellar luxation. Ithaca, NY.
- 2010 Abstract and oral presentation at the 2010 ACVS Veterinary Symposium: C Fitzpatrick, U Krotscheck, M Thompson, R Todhunter. Evaluation of Tibial Torsion and Tibial Tuberosity Alignment in Yorkshire Terriers With and Without Medial Patellar Luxation. Seattle, WA.

Teaching Experience

- 2005 University of Florida College of Veterinary Medicine: Gainesville, FL
- Teaching Assistant in Small Animal Gross Anatomy
- 2008-present Cornell University College of Veterinary Medicine: Ithaca, NY
- Provided one-hour orthopedic lectures to veterinary students

Meetings and Courses Attended

- 2002-2005 North American Veterinary Conference
- 2005 Veterinary Cancer Society
- 2008 AO Principles of Small Animal Fracture Management, La Jolla CA
- 2009 AO Masters Course on Advanced Osteotomy, La Jolla CA
- 2007; 2009-2011 American College of Veterinary Surgeons: Veterinary Symposium

Professional Experience

- 1992-2001 Forest Animal Hospital: Crawfordville, FL
- Veterinary Technician
 - Assisted in surgery, monitored anesthesia, counseled clients, performed laboratory tests, performed routine dental prophylaxes, administered vaccines and medications, monitored critically ill patients, exposed and processed radiographs, placed IV catheters, and trained new employees.
- 2001 University of Florida College of Veterinary Medicine: Gainesville, FL

- **Clinical Oncology Volunteer**
 - Learned basic concepts of chemotherapy and became familiar with safe handling and administration of chemotherapeutic drugs to veterinary patients
 - Participated in weekly oncology rounds, in which therapy, management, and complications in individual cases were discussed

- 2001–2003 University of Florida College of Veterinary Medicine: Gainesville, FL
 - **Laboratory Technician in Pathobiology**
 - Became familiar with general laboratory safety and procedures
 - Performed conventional and real time PCR, gel electrophoresis, protein and DNA extractions, preparation and staining of histological specimens, and immunohistochemistry

- 2005 University of Florida College of Veterinary Medicine: Gainesville, FL
 - **Laboratory Technician in Dept. of Small Animal Clinical Sciences**
 - Established and maintained canine osteosarcoma cell cultures
 - Characterized the radiosensitivity of canine osteosarcoma cell lines using the clonogenic assay and examined their repair capabilities with the split-dose assay
 - Became familiar with the linear accelerator and its use in standard radiation therapy and stereotactic radiosurgery

- 2010-present Veterinary Specialties Referral Center: Pattersonville, NY
 - **Small Animal Surgeon**
 - Evaluate, diagnose, and treat surgical conditions in dogs and cats

Academic Honors

- 1999 Valedictorian of Wakulla High School
- 1999 Early Admission Student to the University of Florida College of Veterinary Medicine
